### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claims are allowable over the cited prior arts because said prior arts do not disclose or make obvious a method for controlling particle size distribution of microparticles comprising adjusting the residence time of the emulsion in a manifold to obtain predetermined particle size distribution as claimed. The closest art is Applicants' own patent # 6,331,317 which discloses apparatus and method for preparing microcapsules but does not claim method for controlling particle size.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
